If all else fails, you can attend by phone only (see page 4)

GROUND RULES--DURING WEBEX HEARINGS

(updated 06/07/2021)

Although WebEx connects you to the courtroom by video (picture), the audio (voice) through your phone remains extremely important. Hearings are electronically recorded by the Court through audio, so it is critical that the audio (voice) is clear through your phone.

Rule# 1- Please try to avoid using your speakerphone to address the Court. Instead, use either (1) earbuds with a built-in microphone (corded or wireless); (2) headset with a microphone; or (3) the handset of your phone. You can certainly leave it on speakerphone while you are just listening.

Rule# 2- Please put your phone on mute, while you are just listening. You can mute your phone on your computer using WebEx (microphone icon at bottom of screen) or on your phone. Also please keep background noise to a minimum; otherwise the Court may unilaterally mute you *sua sponte*.

Rule# 3- Before you speak, state your name.

Rule# 4- Speak slowly and clearly.

Rule# 5- Do not interrupt when someone else is speaking. The Court will provide everyone with an opportunity to speak that wants to be heard. Feel free to silently raise your hand or wave if you want to say something, it will provide the Court with a visual clue to call on you specifically.

Rule# 6- When your hearing is over or you want to get out of the hearing, just disconnect and hang-up. You do not need to ask permission to be excused.

Rule# 7- Recording or broadcasting of the hearing by any person is prohibited--just like you could not record or broadcast if you were in the courtroom.

TIPS--WEBEX HEARINGS

(updated 06/07/2021)

Tip# 1-Punctuality

Please log-in for a WebEx hearing at least 15 minutes before the start of your hearing. If it is the first time you are using WebEx, you should log-in 30 minutes before the hearing to check your connection and equipment. If the “host” (the Courtroom Deputy) has not started the WebEx meeting when you log-in, please stay logged in and connected until the host arrives and starts the meeting. If another hearing is in progress when you log-in on WebEx, please make sure your phone is muted so you do not interrupt other hearings.

Tip# 2-Use the WebEx Software Application

Use WebEx through the WebEx Meetings software application, not through your internet browser.

Tip# 3-Exhibits

For WebEx hearings, marked and bound hard copies of exhibits should be provided to the Court, with copies to opposing counsel by hard copy or email, as required by the Local Bankruptcy Rules. Exhibits may be sent to the Court by email or filed with exhibit lists if specifically permitted by the Judge or Courtroom Deputy in your case. Make sure all testifying witnesses are provided with a copy of exhibits.

It is not necessary to display exhibits on the WebEx computer screen during a hearing, as the Court and all parties should already have received the exhibits. You can admit and refer to exhibits as you would in a normal hearing.

If you want to point out a particular exhibit or document to the Court at a hearing by putting it on the computer screen, WebEx has a “share” button (icon at the bottom of the screen).

If you want to use electronic exhibits for a WebEx hearing, contact the Courtroom Deputy well in advance to determine if it is feasible.

Tip# 4-Clients/Witnesses

Clients may appear at a WebEx hearing by phone only (using the Judge’s conference call number and access code), unless directed otherwise by the Judge in your case. Clients may also appear by WebEx, although counsel should instruct their client on how to use WebEx before (not during) the hearing.

Witnesses providing live testimony should appear by WebEx, unless directed otherwise by the Judge in your case. Counsel should instruct their witness on how to use WebEx before (not during) the hearing.

Tip# 5-Attire

Counsel and witnesses appearing by WebEx should wear attire appropriate for a courtroom.

Tip# 6-Grid View

Most WebEx users prefer the grid view of all participants; you can select grid view through an icon at the top right of your screen.

Help/Test Session

Instructions for using WebEx are also located on the Court’s website (www.txwb.uscourts.gov) under the TXWB Virtual WebEx Hearings Information tab. These instructions also contain links to Cisco WebEx information and help pages. If you want to set up a test session using WebEx, contact the Judge’s Courtroom Deputy or law clerk to schedule a test session *in advance of your hearing*.

GROUND RULES AND TIPS--TELEPHONIC HEARINGS

(updated 06/07/2021)

Hearings are electronically recorded by the Court through audio, so it is critical that the audio (voice) is clear through your phone. The Court and other listeners also need to know who is speaking on the phone.

Rule# 1- Put your phone on mute when you are not speaking to the Court. Put your phone on mute as soon as the hearing begins and the Judge starts speaking. Do not place the call on hold.

Rule# 2- Do not use your speakerphone to address the Court. Instead, use either (1) earbuds with a built-in microphone (corded or wireless); (2) headset with a microphone; or (3) the handset of your phone. Feel free to use your speakerphone while you are just listening.

Rule# 3- Before you speak--*each time*--state your name.

Rule# 4- Speak slowly and clearly. Remember to take your phone off mute when speaking.

Rule# 5- Please keep background noise to a minimum; otherwise the Court may unilaterally mute you *sua sponte*.

Rule# 6- Do not interrupt when someone else is speaking. The Court will provide everyone with an opportunity to speak that wants to be heard.

Rule# 7- When your hearing is over or you want to get out of the hearing, just hang-up. You do not need to ask permission to be excused.
